# CMD's Message

It gives me immense pleasure to present ERAM group before you and solicit your interest in our humble offering "ERAM across Eons & Oceans". By God's grace, we have achieved success and recognition beyond expectations. This journey of ours towards the pedestal of success would not have been achieved without the perseverance and sincere efforts of our Employees, their Families, Our Business Partners, Associates and Well-wishers. The extreme dedication and unswerving support from the workforce have been instrumental in ushering in success to every venture of ERAM Group. This coupled with nothing less than total integrity, has elevated ERAM Group to where it is today.

Our emphatic focus on continuous improvements in Technologies, Processes, Practices and our unflinching quest for quality and safety have proved to be critical success factors over the years.

Incorporating nuances of our steadfast belief on social commitment and public wellness in all our Services and products has been a tradition followed in each vertical of the ERAM Group.

This booklet is a humble attempt to converge our diverse activities ranging from Oil, Gas and Petrochemical to Social Entrepreneurship under a single umbrella so as to showcase our range of capabilities and skills and explore areas where you could identify opportunities for us to serve you better.

In conclusion, I would like to reiterate our commitment to bring value to our Clients and to sustain the fair and ethical practices in our businesses. I would like to express my profound gratitude to our esteemed Clients, ERAM management Team, Partners, and to all our personnel who unconditionally co-operated and transformed our humble journey to culminate in grand success all these years and look forward to more opportunities to serve you further.

Very Truly Yours,

Dr. Siddeek Ahmed  
Chairman & Managing Director  
ERAM Group

## About Us

**Eram Group**, a leading business conglomerate with well entrenched business presence across the continents, was founded in mid 1980's. Ever since, over the past decade, ERAM has achieved a niche position of market leadership in multi-faceted business lines. The Group has a highly specialized infrastructure and enviable talent house conducting viable business activities in the vibrant global market. The Group is well capitalized and is a privately held business enterprise led by a strong management team.

Operating across GCC, Europe and India for more than a decade, ERAM has expanded as one among the largest business conglomerates in the region.

Today ERAM is the controlling entity of a number of leading businesses in Industrial Contracting, Project Management Solutions, Automotive, Healthcare, Travel, IT, Manufacturing, Trading & Product Representation and other service sectors.

ERAM's proven track record is based on the ability in identifying business opportunities that correlate with organization's core competencies and executing business plans in the finest manner. ERAM's business decisions are made on the basis of well-researched long term prospects and sustainability.

ERAM typically invests in business that have high growth potential and scalability in terms of technology and manpower, and have direct bearing on transforming the social realities to impact common man's life.

# Corporate Social Responsibility

## The Corporate Social Responsibility (CSR)

### *Society First*

An awareness of our social responsibility is a prerequisite for a social commitment. Social responsibility applies first and foremost to Eram Group. The Group gives birth to and supports various projects to improve the wellness of many a people. Apart from positioning the products of Eram in the social vertical, the group is also committed to serve the society in many other areas.

We.....

- **AH Foundation** is Eram Group's charitable trust established in Mankara, Kerala, India with the prime objective of empowering and incapable as well as those who deserve our assistance and support. AH Foundation is a not for profit organization and it firmly stands for humanitarian considerations with the motive of helping the underprivileged people around us.
- Free medical treatments are offered to financially weak and underprivileged people in Eram owned clinics as well as in other medical facilities. Considerable endowment is been done in this regard every year.

Apart from direct charity initiatives which can only benefit few, Eram group inspired by CMD's visions have stipulated the following action plan which would benefit a wider society and generations to come:

- Identify and address social and public concerns where technology can make a difference
- Develop a framework for developing grass-root innovators.
- Support innovative product and service development initiatives especially for sustainability and social empowerment.
